

SUNSCREEN CREAM, LOTION

Sun Med Classic Sunspray LSF 50+, 220ml

Please never pass on this group data sheet alone but always together with the corresponding general information and the attached list of Poison Control Centres.

Last modified: 2025-01-20

Corresponding frame formulation (CPNP): 9.1-2013

1. Identification of the product

W/O or O/W emulsions with UV filter substances that protect the skin from sun/ UV radiation. Protects the skin from the negative effects of strong sunlight (e.g. redness, sunburn, blistering and skin ageing). Protects against both UV-A and UV-B radiation. Are often water-repellent due to their fat content and therefore last longer in contact with water and perspiration. After penetration into the skin, they form a protective film with the above-mentioned properties.

2. Hazards identification

When used properly, the product is safe and tolerable in accordance with the legal provisions (Article 3 of the EC Cosmetics Regulation). The following information applies to inadvertent misuse or accidents as well as possibly to commercial uses.

3. Composition (maximum levels)

Oils (e.g. vegetable and/or mineral), waxes and fats (e.g. long-chain alcohols) 70 %; UV filters 40 %; Silicones including volatile silicones (e.g. CYCLOPENTASILOXANE, DIMETHICONE) 30 %; Humectants (e.g. GLYCERIN, PROPYLENE GLYCOL) 30 %; Ethanol (ALCOHOL, ALCOHOL DENAT.) 25 %; Emulsifying agents (e.g. GLYCERYL STEARATE, PEG-100 STEARATE) 10 %; Bulking agents (e.g. TALC, SILICA, nylon powder) 10 %; Additional ingredients (e.g. BISABOLOL, vitamins) 6 %; Film forming polymers (e.g. PVP) 5 %; Thickeners (e.g. CARBOMER, XANTHAN GUM) 5 %; PARFUM 3 %; Preservatives, antimicrobials 2 %; Colorants 2 %; AQUA (water) to 100 %.

4. First aid measures

Measures in the event of

- Inadvertent contact with eyes: rinse thoroughly with plenty of lukewarm water immediately; if irritation persists, consult ophthalmologist as a precautionary measure.
- Inadvertent ingestion of larger amounts: do not induce vomiting. Rinse out mouth and drink about one glass of water. Where appropriate, consult Poison Control Centre or doctor.

When consulting a doctor or a Poison Control Centre always have packaging or label and possibly

package insert available.

5. Fire fighting measures

All common extinguishing agents are suitable.

6. Accidental release measures; disposal considerations

In the event of spillage/leakage: mop up main volume with cloths; remove rest with plenty of water and common cleaning agent. Dispose of impregnated cloths in accordance with the waste management directives of the municipality.

Packaging should be recycled after residual emptying. Filled, unused packages must be disposed of separately in accordance with the waste management directives of the municipality.

7. Handling and storage

Must be used in accordance with manufacturer's instructions. Observe any warnings on

packaging. Avoid contact with clothing.

Store in a cool and dry place (room temperature). Reseal container after use.

8. Other information

Refer to conditions of use and any warnings on the product or packaging.

For consultation in the event of poisoning, the Poison Control Centres have additional details about the individual products. When consulting a Poison Control Centre always keep packaging or label and possibly package insert available.

For contact data of the Poison Control Centres in Germany, Austria and Switzerland, see Appendix.
